The Divinyls

I cant believe I'm just now writing this

So their's this chick that work's at the Dodge dealership. The 1rst time we met was when I was getting my 1rst oil change. I didn't write it about because I didn't think much about it. The 2nd time she serviced me was after I got that busted tire. Again I didn't think much about it. But the 3rd time was different.

Feb 23 Fri 2018

I saw [redacted] again. She caught me looking at her & she called me over. I can't believe she recognized me. One of the reason's I mention it is because whenever I meet someone who I haven't seen in a long time. They never remember me. I told [redacted] how she's been. [redacted] said good. The last time I was there I waited like 2 hour's for the shuttle van. [redacted]. The shuttle van never came. This time the shuttle van guy lost the fucking key. Idiot, Ace ventura. By the time they gave him a spare key, it was too late. In the time it would take to drop me off it would be time to turn around. When the car was finished getting detailed I talked to [redacted], I asked [redacted] if she had any new year's resolution's. [redacted] said "Yeah, To lose weight. I asked her if she was on the atkin's diet. She said no but she was on a diet. Then we shook hand's. When I 1rst got there we did shake hands but this time I held w/ both hand's. [redacted] was just smiling & giggling like a little school girl. I said see you around. [redacted] said bye. Later that day I touch mySELF WHILE THINKING ABOUT [redacted].

I do miss [redacted] Behind enemy Lines though

It's been raining since Feb 20 Tuesday it's now Friday the 23
Maybe I should start writing the time

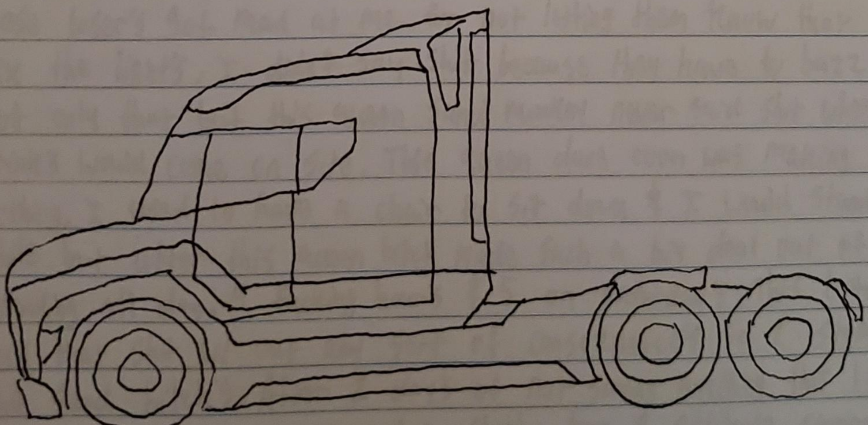
10/6 March 10 SAT 2018

It was my last day on assignment at the Rigmar Mall parking lot in Fort Worth. I was waving at all the trucker's who left. I waved at this 1 truck. I thought they were going to leave at 1st but they went right for me. This chick come's out & say's "Thank's for locking this place down & holding down the fort." I said "My pleasure. Have a safe journey". She wanted to give me 5 dollar's. I started telling her it had been taking care of but she insisted. She shoved 5 single's into my chest pocket.

"COOL THANX" was all I said



Extreme Prejudice

Since working at this fucking credit union, my hate for goat fucker's has increased 10 fold, Holy shit where do I start, 1st of all they speak that piece of shit terrorist talk whenever I'm around which make's me trust them even less. They then get fucking mad at me for not greating them, What I don't understand is why the hell would you keep saying hi to someone who ~~obvis~~ obviously doesn't like you. Do they honestly think that I'm going to be cool w/ them speaking a foreign fucking language I don't even understand. If you got something to say to me say it. Some terrorst bitch got upset because I wouldn't say hi back, calling me rude or whatever Funny how this raghead piece of shit doesn't consider speaking terroist around someone who can't speak it rude. 2 can play it these fucking camel jocker's game. I didn't say shit when they would speak terraist but when I started ignoring them they couldn't handle it. there is this one ~~c~~ curry eating bitch whose tone & attitude were shitty as hell. She would greet me in a voice that I could barely hear & it didn't sound ~~genuine~~ genuine. I didn't even say anything back. Then there was these 2 phone scamming bitch's who I thought were cool. I stopped talking to them because these middle eastern scum are all in it together. this all started w/ the queen raghead. 1st ~~she~~ it got mad that I was on my phone watching video's all the time. Then these loser's got mad at me for not letting them know that a guy was there to fix the light's, I didn't say shit because they have to buzz people in to get inside. Not only that but this queen sand monkey never said shit when Fed Ex or UPS or Brink's would come on site. This queen dune coon was making a big deal out of nothing. I used to have a chair to sit down & I would stand up every once in a while but after this queen bitch made such a big deal out of that I started standing all day. 9 fucking hour's $5 on Saturday's. This bitch was not going to pull that shit w/ out any sort of consequence's so I stopped saying hi to all the sand bitch's. After 2 day's of not saying anything this little slut who look's like a dark skinned rat w/ a shitty tone & attitude stopped talking to me. 1 of the hoes who I thought was nice stop saying shit. And the other one started giving me the death glare whenever she would come in. On the 2nd day the queen sand monkey said I was rude for not saying hi back. Like I owe that bitch an explanation. Just to shut them up I started saying hi to 2 of the loser's. Just to get them off my back. I just didn't want to give in too easy.

There's 2 guy's that work there a skinny & a fatty, My 1rst week there the skinny would alway's bring me water. When I started standing skinny would offer me a chair, But I didn't want to get him in trouble & I didn't want that queen shit skin to say anything, 1 time he offered me the chair 3 time's. The Next day he insisted but I said no. He even offered to get me water but I still said no. I don't want to deal w/ that fucking queen hoe, Me & the fat guy sometime's talk, He laugh's at my stupid joke's. Just like the skinny he seriously wanted to give me a drink, But I hella did not want to deal w/ that bitchass queen red dot, so I said no. It seem's the boy's only talk terrorist when the desert bitches start talking it, The boy's don't give me any issue's. Not like the Acid bitches, Another thing is the ninja bitches never say bye to me, so I don't know why the hell they get mad whenever I don't greet them, The boy's alway's say "take it easy" when they leave.

I can't believe how butt hurt that queen towel head got, It must have struck a nerve, Also one time as the fatty & this terrorist bitch were leaving, The terrorist bitch said bye but then it started speaking terroist, At the same time I was talking to 1 of only 2 guy's that work there, Me & the fatty spoke english, The guy didn't even respond or say anything to the terroist bitch, He either didn't care for what it had to say or I'm such a likable guy that he would rather talk to me even though I'm positive they known each other longer. This is like my 4th week here.

Another thing is this pan handling mooslimb, The bitch has a sign that's written in terrorst chicken scratch, Not only that but the bitch is full of shit, It doesn't look like it's having trouble finding any food w/ her fatass, And it get's a ride to & from, That bitch ain't fooling me.

It's a hell of a workout standing for 9 hour's straight, srsly

Christ even the mailman sarcastically said they're a friendly bunch, Not even 10 minute's after the mailman came & said that these guy's came to fix this loser's busted window, one of the dude's called her Mrs. Sunshine, That bitch said I was rude for not saying good morning but this total whore didn't even say thank's bye, Also one of the dude's who came to fix the window told queen rude "Thank's have a good day". When that bitch didn't say shit the face this dude made was priceless. Even before that I joking told them in a apu voice don't be expecting a "thank you come again". The dude told me "Good luck for the rest of your life". Fuck the camel rapist & fuck the sand monkey's.

August 31 Friday 2018

So I got my schedule a little after 5 & I just found out the next day is going to be my last. I didn't leave until 5:30PM. I was hoping the skinny would bring me the sign out sheet but queen sunshine brought it instead. Normally I'd be like fuck it & leave but not this time. I told the queen terroist I needed to "speak to the guy inside". It thought I was talking about fatty. But I said "no the skinny one" I couldn't believe it but ol queen sunshine was smiling & laughing. I swear to GOD I've been here almost a month & I've never seen it laugh or smile. The fatty & this other bitch were also laughing. After I said "no the skinny one" this bitch said "hey your friend want's to talk to you". So I told the skinny IF I can buy him a breakfast burrito or some donut's but said no. Because the rest of these loser's didn't really do anything for me. The fatty offered to give me a drink but that was about it. None of them went above & ~~byon~~ beyond like the skinny. brought me water w/ out me asking the 1rst week. that's why I said no to buying these loser's breakfast. All the bullshit customer's & even the rest of the loser's on the strip mall are a truckload of shit. While this 1 guy was nice to me enough of his people are shit skin's that I'm still going to treat them like shit. Fuck these ~~ct~~ curry losers & middle eastern savage's, Really

Anyway's today is saturday. The skinny alway's greets me in the morning.

This time it didn't, Maybe it was because I didn't buy snack's for it's terrust buddies, I was a damn fool to think these mooseLimb savage's could be trusted, I'm so glad I didn't buy this loser shit.

I'm never wasting kindness on terroist again. Even IF their nice to me.

I went to the fair, while I was there, their was this church was handing out free copies of the bible. I wish I could remember the name of the church. It was this dude [redacted] Whittle & [redacted] Gordon. We started talking about faith & GOD & Hell. I told [redacted] & [redacted] That I had to get going. Before I left, We all held hand's & prayed together.

I also met Johnny Holland. He was promoting his business "HANG THAT TWANG". He had a picture of a guitar holder W/ a poster of Gene Simmon's in the background, I told him "You did not make no guitar holder for Gene Simmon's". He showed me his facebook & other photo's. Show's he's gone to. Some of his clients. It made me feel so small. I must've made an impression on Johnny because he told me I could have a guitar holder for free. He was selling them for 40 dollar's. I told Johnny I appreciated it but I don't play guitar & it's too late for me. Johnny's a cool guy. I wish him the best of luck.

I didn't censure his name because he's famous as hell

Today at Lifetime I meet a teacher who's all the way from New York, She teaches the 2nd grade, she showed me how to use the weight machine. Tonight I hanged out at New Fine Art's where [redacted] & Gotam work's. It was weird seeing him outside lifetime. He gave me a key to a room. It didn't feel right. It felt like someone was watching me. So I got the fuck out of there. I was going to talk to [redacted] some more but he was busy. I told him I'll see him at lifetime. [redacted] is supposed to be a born again christian which make's his line of work interesting.

I then started bullshitting w/ the security guard who worked there. We talked about security companies & the different post we worked. We bullshitted for like 15 minute's before he had to get back to work.

Funny thing is I wasn't planning on staying that long. I wanted to get to the gym a little after 11PM, I got to the at around 11:45PM.

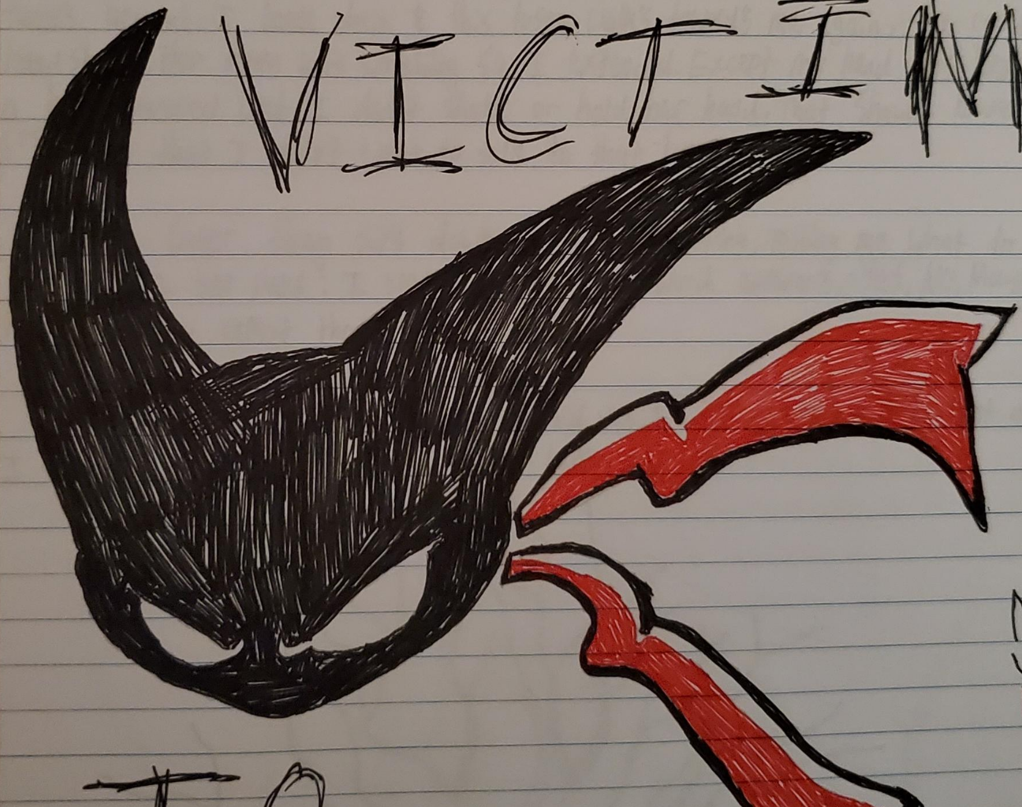
VICTIM



New Years Day

TO

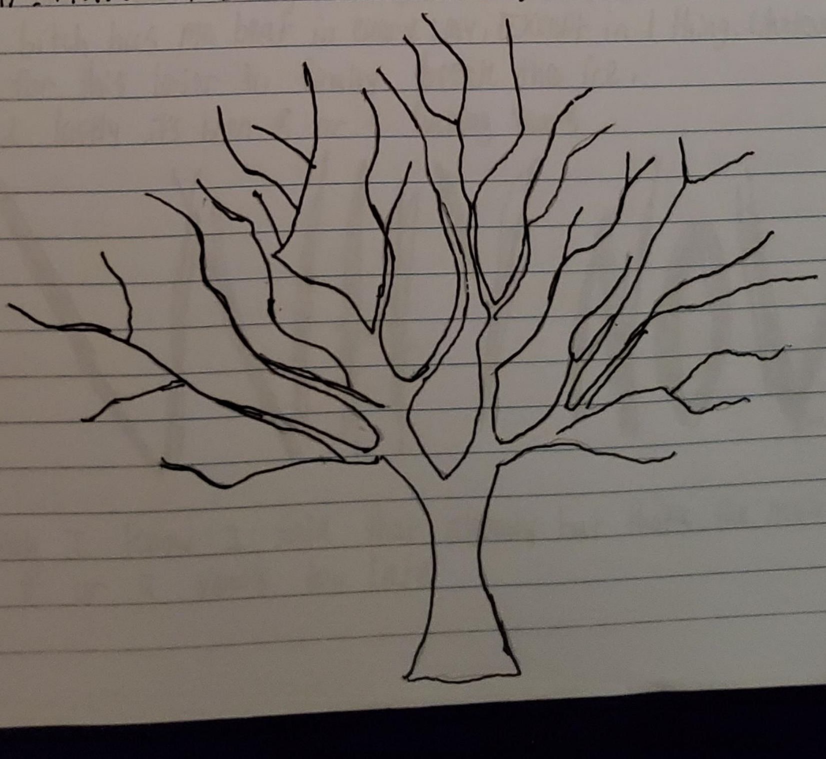
VILLAIN

I originally wasn't going to write about this just because I didn't think it was worthwhile. But the more I thought about it, IT is worth writhing about because it's one of those the table's have turned type situation's.

So I was eating Burger King & jamming to some music in the dining room. I had just got off work & was still in uniform, 1 of the diarrhea twin's, I don't even care to know which one, Fuck'em both tried to strike a conversation w/ me. I was feasting on a triple stacker & this loser walk's up to me, I look up & She turn's around. I look down & this loser walk's toward's me again, She reach's for a handshake, Her mom was watching so I extended. Except my hand was limpening than a half severed limb. I didn't shake or hold her hand. That should have been the 1st sign that I didn't want to talk to that latch.

This loser than sit's down & start's Yapping, Telling me what do I do? How much I get paid? I was answering w/ 1 word answer's. Yes, No, Maybe I don't know, can you repeat that question? ? shakem in the middle

She asked me IF I have a gun. I said yes. For like 10 minute's she kept asking me can I see it? Please can I see? I kept telling her no.



When her mother was leaving she get's up & leave's. As she was leaving she turned around. She hesitate's for a moment. Then she leave's. I think she wanted to say bye. But she either got to nervous or we didn't mesh & she said fuck it.

I don't even know why this loser was even talking to me in the 1st place

The last time I interacted w/ them was, It must have been sometime in 2010 or maybe 2011. That was when I was at rock bottom. No job, no car, no social life. These bitch's were either about to graduate or graduated w/ honor's. They had everyone praising them & they played soccer & shit. I didn't despise the loser's because they had me outmatched & outcompeted. It was a combination of thing's that made me hate the fucking brat's. I'm not going to go into the reason's right now.

The reason it blew my ~~was~~ ~~because~~ mind was because
- It's been 8 or 9 year's since we last spoke
- I'm in a feud w/ her 2 bitch ass brother's
- In the course of 8 or 9 year's I saw 1 or both diarrhea twin's maybe 10 time's, only once did I say hi. And I only said it because that loser social security ie older brother was standing there & we were still cool at the time.
- This bitch has me beat in every way. Except in 1 thing. Whatever it is it was enough for this loser to finally break the ice.
- And lastly it's been 8 or 9 fucking year's

WHY NOW?

yeah I know I said that already but that's the main reason.
It's 8 or 9 year's too late

Here's why I think that beeYotch decided to finally talk to me. Since the last time I talked to them. My clout, success & a bunch of other stuff has gone up. I'm doing a lot better for myself.

I remember being at a New Year's Day party, I was mingling w/ almost everybody except those 2 loser's. I was just starting to find my way. As I was leaving I said bye to almost everybody except those 2 loser's. Which must have struck a nerve.

William congreve

Hell Hath No Fury Like A Woman Scorned.

Garbage why do you love me

Oh man ain't that the truth

Another time I was horsing around with [redacted], We ~~were~~ held hand's. 1 of the diaherra twin's was staring at me, I could tell she wanted me to acknowledge her. But I just looked away when I caught her. Later I caught another one looking at me, I don't even know IF it was the same one since they looked the same, I made a fist like "bitch IF You don't stop looking at me I'm going to hit You in the face". I looked away & left before I did something stupid.

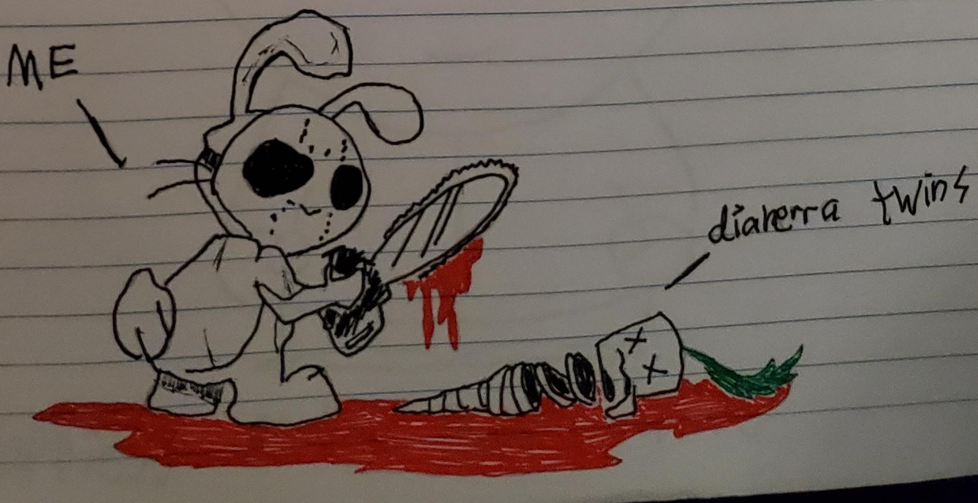
Another time [redacted] had a baby shower at the house. I didn't even know 1 of those little slut's was in town. When I saw her I was like "**Bitch** who invited You"! I just pretended like she wasn't there. I was talking to people & having such a good time I forgot that bitch was there. Maybe It's just me but I think that bitch might have had a miserable time. I wasn't stalking her or anything but I didn't see her interacting w/ anyone, I didn't know half the people there but I still talked to them anyway. It was mi casa es tu casa type shit. And maybe she caught that.

Fast Forward to today, I finally have a car, an ok job, & this one dude told me I'm "one happy motherfucker".

That's why I think that bitch talked to me, She see's how well I'm doing & she wanted to shoot the shit w/ me, This remind's me of the ending in SAW2, This is how Amanda's fine ass must have felt after confronting Matthew's.

SO Now YOU Find The Table's Are Turned

GAME OVER
BITCH



2 month's later I would go see New Year's Day

The lesson is You can be better than a person in a lot of way's, When I heard those bitch's got into a university it made me feel so small. The way everyone around them was hanging on to their every Word. But when I started improving myself I was so busy that I forgot all about them, I was worrying about myself. And Ghosting loser's who never gave you the time of day & finally want Your attention feel's so satisfying. This remind's me of a scene in "LORD of War". This is how Yuri must have felt after telling Simeon

"I'm the same man who was not good enough for you before, and I'm just not good enough for you now."

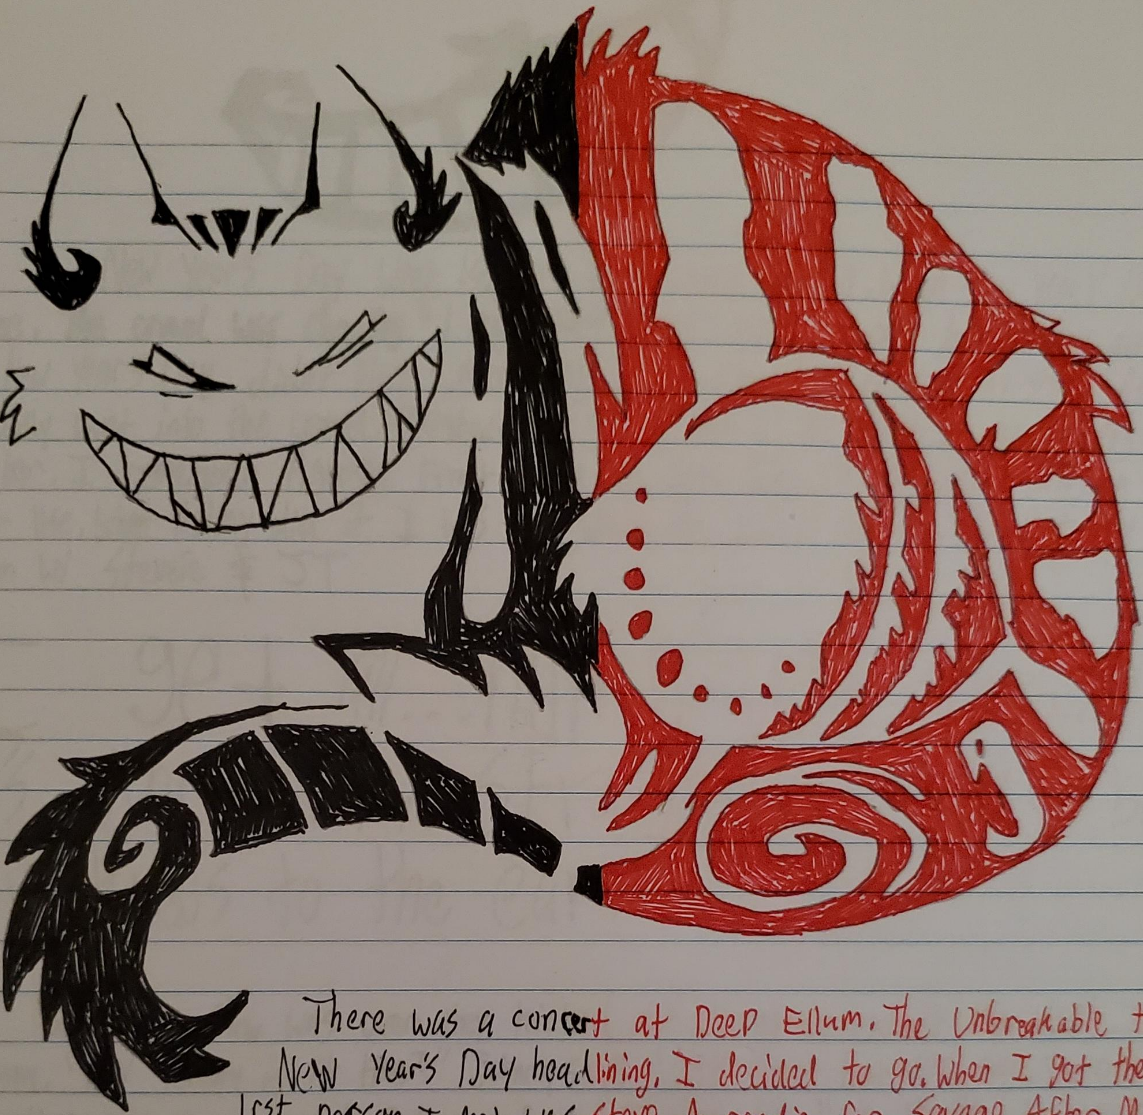
NEW YEARS DAY

~~RIVALS~~

SAVAGE

AFTER MIDNIGHT



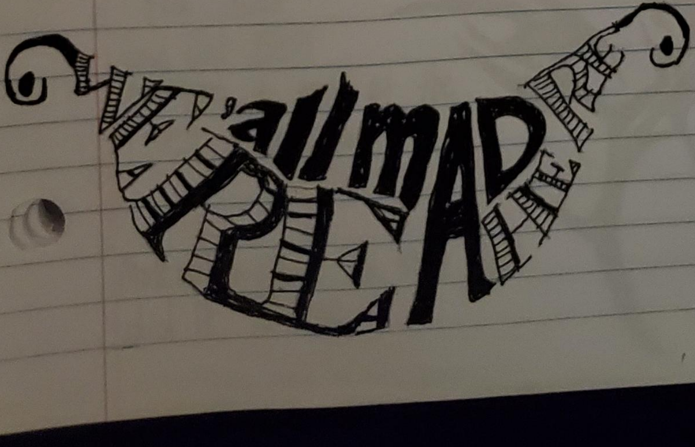
There was a concert at Deep Ellum. The Unbreakable tour w/ New Year's Day headlining. I decided to go. When I got there the 1rst person I met was Steve. A roadie for Savage After Midnight. I Started bullshitting, I told Steve IF he could let me fuck around w/ the audio console or the lighting design. Of course Steve said no. I met DJ Jeff who came all the way from Arkansas w/ his Photographer. The show start's & Savage After Midnight is up 1rst. After the set I talked to the band. The lead Singer Shi told me "I hope you make some new friend's". I also talked to J T. We had a long conversation about staying true to yourself. Great guy's every one of them.

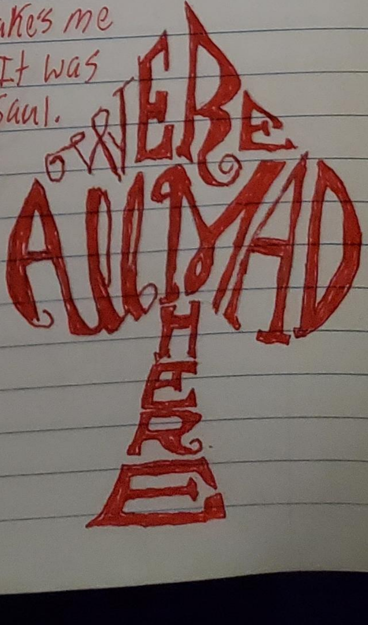
Next up was Rival's. I took my picture w/ them & everything. And I gave them some money so they could buy video games. I met this dude Johnny. He was w/ New Year's Day. I was annoying the Shit out of him. I kept asking him can I meet Ashley now. "Now? How bout now?"

New Year's Day Went last, It Was crazy as hell, When New Year's Day Was Done. The crowd was chanting "I more Song I more Song, I can't believe they actually did it, New Year's Day didn't play I more Song, They Played a couple more Song's. Ashley actually went into the crowd, Everybody Was getting out of her Way. I was getting nervous for her, I remember Agnostic Front doing the same thing, Security was guarding them W/ their life, When Ashley did it I was like Where the hell is security," I got my Picture taken W/ Stevie & JT

I get all... numb When She Sing's
it's over such A Strange numb And it brings
my knees to the earth

When the Show was over they kicked out everybody except the VIP'S. I told Johnny, "Hey Johnny is it time?" Johnny say's "It's about that time man. You ask me one more time and your going to get a refund," I was like "ok ok ok", I remember talking to this dude in line, We were both just Saying how couldn't believe we were about to meet Ash costello. I was nervous as fuck, Johnny take's me & 3 other people on the tour bus, I Was starstruck, It was like the scene in Breaking Bad when Walter Jr meets Saul. Before I left I got my picture taken W/ Ashley.





I wished I Would have taken my Picture w/ Johnny tu. Johnny's a Cool guy, I ran my hand down Ashley's Arm & said "congratulatron's on all Your Success, Ashley tell's me

"Thank You my love"

As I was getting off the tour bus, I lost my balance & I almost fell down, costello grab's MY hand & tell's me

I got YOU
my love

I Just melted

Later that day, I touched myself while thinking about Ashley.
I love You so Much Ashley, ~~R~~Really

So GOD Bless You Ashley
For the Song You Saved me
For the heart's You break everytime
You moan
And GOD Bless
everyone I met at the

The GYM

My experience's at Lifetime

One of the biggest thing's I've taken away is that it's not enough to be Physically Strong. There's this haji Piece of Shit that practically live's at the gym. I know because everytime I'm there he's there. There's no way in hell we're both going on the same fucking day. Anyway's this loser look's like he bench'es 200 Pound's. I Was on a chest press machine, I didn't know it but the Sand monkey was on the machine next to me, This loser greet's me W/ "hey brother", I barely heard his~~s~~ ass, I didn't even know this fucking guy was talking to me at first. So this fucking guy who's twice my size & can lift 3 time's what I can greets me like a fucking Pussy.

I said it before (Wrote, Whatever) & I'll Say it again, IF You see Someone enough time's at a certain Place a couple time's Your going to want to talk to them, Except for me because I'm not like that.

As far as health club's go, This one is Pretty highend, It's got a beauty Salon, restraunt, an indoor & outdoor Pool W/ a fucking lifeguard, A Sauna, Basketball court's & 2 Yoga Studios. It's costing me 77 dollar's a month. Which blow's my mind when fucking loser's leave the bathroom a total mess, leave fucking towel's in the Shower Stall's & the benches, Not flushing their Shit down the fucking tiolet, lazy fuck's who leave the water running. It's so bad some of the gym staff wear Surgical glove's. I remember 1 time I locked myself out of my locker & this dude Pryed it open for me. I remember feeling bad for him because he has to clean up after these middle eastern animal's.

And last & definitely least, their's the fucking "People" that go.

Man I had this crazy dream. I dreamt that I was a teacher's assistant at some fucking school. After breakfast class is in session. I'm just chilling little bit of illing. Teacher is going on about how "ok children what's the capital of France". BOOM!!! Teacher get's shot in the head The children slowly turn their head's toward's me.

The cold hearted children
David Smith White

And they were cold-blooded children. With murder in their eye's.
And the cold-blooded children had no pity in their eye's.

I scram for the fucking door. I didn't even w/ the fucking knob. I just kicked that fucking door open. These crazy fucking kid's start killing every adult in sight. Everyday object's became fucking weapon's, pencil's, scissor's, pen's. Fucking X-Acto knives Oh Shiny. The art teacher probably got it worst than anybody. No adult was spared. Everyone from the lunch ladies to the fucking principle got it. And everyone in between got redrum'ed,

I make my way to the top of the school. These fucking kid's were trying
to delete me. Lucky for me there was a zipline & I make my getaway. It
was just like the Shi No Numa level in Call of Duty World at War. There is a
bike conveniently lying around. I'm the sole survivor. These village of the Damn
fucking kid's see me & want to have a little fun. And see IF they can kill
me. I get on the fucking bike & pedal. I haven't rode a bike since I was in fucking
elementary school. In the distance these loser's won't give up. Even though theres
not any chance in hell they're going to catch me. They still want to put me
in permanent naptime.

I wake up & reach for my fucking Glock. Holy Shit that was
an awesome dream. Or Nightmare. It was like that scene in the Terminator.
Reese is sleeping soundly & then he has a bad dream. He wake's up &
cycle's his shotgun.

I don't even know how it came up but we started talking about [redacted] fine ass. This dude [redacted] mugan missing said "I ~~k~~ like her as a person but as a buss. Man what a slave driver." I chime in "I like it when you scream at me [redacted] it turn's me the fuck on". Ese sitting next to me has the "What the fuck look". Fucking chimichangas, You loser's are a mystery to me. You better believe that IF chick's from my own race didn't want to fuck me & I got pushed around by other race's, I would kill, rape, & fucking make my way to the top of Natural Selection, This fucking cat eater held the door open for me & got fucking mad as hell when I didn't go through, I didn't even say anything I just motioned for that loser to go 1rst, It took him forever to give up.

Another time I had to deliover a package to this slope on one of the box line's, All I said was "I got a package for you", This loser of a gook must have thought that that made us best friend's, We were both in line going through security, He said "take care", but I ignored his ass, I said see ya to security & this fucking slant said "bye" again, Just to shut him up I said "later", What kind of loser's are that polite, No wonder your women don't want to screw you, I can only imagine how polite the sex must be, Ken ay styek mi dik en ur vagynah, Yez yez, Mee zu huney. It kind of remind's me of that loser in Kiss of the Dragon, Tek mey two hayvan.

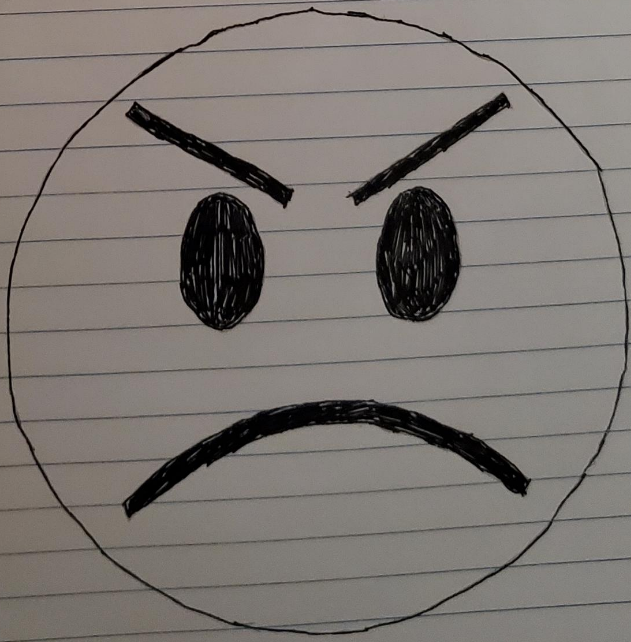
[redacted] was screaming the shit out of me, "You're taking to fucking long damn it move it!!!" I didn't even know she was talking to me at 1rst, I remember thinking man I feel for the poor sap who's on the other end of [redacted] rage, I can't believe she went off on me, [redacted] Dude tried to help me but [redacted] told him "he's got to do it himself!!!" [redacted] slammed his fist against the trailer, I've never seen him pissed off before, I later found it was because I was like 50% done w/ the trailer & I had been in there like an hour and a half, I handled the shit out of the package's in the next 2 trailer's,

[redacted] It must have done a number on [redacted] guilty conscious, Becaause she started smiling & laughing at me. Telling me I was doing a good job & to get a drink of water, A 1ist for me, she even called me babe, This is bullsh!t, What the fuck ever, I have been working w/ [redacted] like 2 or 3 week's now, And she's just now busting my ball's, [redacted] is feisty as hell, That's what turn's me on about her,



Later that day I touched Myself
While thinking about [redacted]

I love You so much [redacted]

Me & [redacted] fine ass

I also got into a shouting match w/ this refried piece of shit. This fucking loser can't take a joke. [redacted] Black Ron told me to take 2 Package's to the loading dock's. This fucking loser said it goes to the red bay. I said in a sarcastic tone "Oh no it doesn't". Now this fucking guy couldn't tell I was joking, Even [redacted] Dawson was laughing, This fucking loser started telling me in a super serious tone "I know what I'm talking about I've been here X amount of year's. I started telling that job stealer "your a smart & huh [redacted] genius". I guess [redacted] could see where this was going cause he told me to get moving. South Park Fucking donkey raping shit eater need's to get a sense of humor & such a Family guy Stewie railroad spike, [redacted]
